

PROFESSIONAL EXPERIENCE

Iris Software Inc.**Noida, Uttar Pradesh****Engineer Technology****Jan, 2026 -**

- A new middleware system architecture developed using Spring Boot, Apache velocity.
- Deployed and managed new versions of enterprise applications using Kubernetes and Docker, ensuring high availability, scalability, and seamless rollouts.
- Integrated third-party APIs and handled exception management and logging using SLF4J and Deployed applications using docker and managed builds via Jenkins CI/CD pipeline.
- Integrated Redis for caching, reducing database load and improving API response times.
- Integrated AWS APIs into build automation tool to manage VM instances, cloud storage and content generation via spring boot improving infrastructure efficiency and reducing deployment time.

HashedIn by Deloitte**Gurugram, Haryana****Software Engineer 2****Apr, 2025 - Dec, 2025**

- Design and developed RESTful microservices using Java, Spring Boot, and Microservices, reducing application response time and improving scalability.
- Implemented JWT-based authentication and authorization using spring security and adding exceptional handling, rate limiting, logging to improve system reliability.
- Triage product or system issues and debug/track/resolve by analyzing the sources of issues the impact on hardware, network or service operations and quality..
- Built and maintained automated test suites for web applications and REST APIs using Spring Boot, Junit and Postman, improving test coverage and reducing manual testing effort.

Manhattan Associates**Bangalore, Karnataka****Software Engineer****Jun, 2023 - Apr, 2025**

- Designed and implemented the Payment Lifecycle (Authorization, Re-Authorization, Auth Reversal, Settlement, Refund, Exchange) using Spring Boot, Spring MVC, Hibernate, and Microservices, ensuring robust transaction handling and reliability.
- Integrated with external payment gateways to perform credit card verification, fraud checks, and payment transaction sessions, managing seamless request-response communication for secure and efficient payment flows.
- Implemented delay queue configuration to optimize the rebill process for 150,000+ client orders, introducing proactive alert systems that enhanced process efficiency and significantly improved client satisfaction.
- Designed and enhanced Warehouse Management System (WMS) modules to handle inventory tracking, order fulfillment, shipment processing, and returns, ensuring real-time stock visibility and seamless integration with payment and order management systems.

Infosys Limited**Pune, Maharashtra****Systems Engineer****Sep, 2021 - May, 2023**

- Developed backend CRUD operations and UBS API endpoints using Spring Boot and Microservices, integrating multiple APIs for efficient and optimized data handling.
- Analyzed, debugged, and resolved system and product issues across hardware, network, and service layers, improving overall system reliability and performance.
- Led efforts in estimating, designing, developing, planning, and implementing software modules and features.

EDUCATION

Mahatma Basaveshwar Education Society's College of Engineering**Ambajogai, Maharashtra**

[Bachelor of Technology, Major in Computer Science and Engineering]

2017-2021

SKILLS

Technical skills:

- **Programming:** Spring Boot, Microservices, Spring Hibernates, AWS, Spring Rest APIs, MySQL, Html/CSS, Bootstrap, Java Advanced, Java Core, Spring Security, Spring Gateway, Integration testing, Spring MVC, Spring Data JPA.
- **Competitive Programming:** Data Structure & Algorithms, System Design and OOPs.

- **Non-Technical skills:**

Tools: GitHub, Agile Methodology, Maven/Gradle, Postman, Docker, Jenkins, Jira, Kibana, Junit, Mockito, Nexus, Jasper, Kafka, Angular, CI/CD pipeline, Redis, Swagger OpenApi, Elastic Search, Grafana, Prometheus.

- **Soft- Skills:**

1.Communication skills. 2.Critical thinking skills. 3.Leadership skills. 4.Project Management skills.

CERTIFICATIONS

1. Infosys certified Spring professional
2. Infosys Certified Java Programmer
3. Infosys Certified Microservices Professional
4. Infosys Certified Spring API Professional
5. Infosys Certified Database & SQL Professional.
